## **Epsom rewards long-serving staff**

Staff who have worked at Epsom Coaches for 10 years or more were rewarded with a day out, courtesy of the RATP Dev-owned operator.

Steve Whiteway, the company's Managing Director, who himself has worked at Epsom Coaches for more than 36 years, was accompanied by his wife Lynn and over 100 guests who enjoyed a cruise on the Thames in perfect weather.

"This annual event is a thank you to staff and their partners, for their loyalty and dedication. This year we took a

cruise along the Thames in central London, passing many famous sites en route as well as enjoying a free bar and a delicious BBQ," Steve enthused.

"A great time was had by all, as we celebrated long service with our loyal staff. It was a very special occasion. Everyone had a great time and it was good to relax in such pleasant company. We can't wait until next year.

"I must also thank Clare Dann – who made all the arrangements, her hard work and attention to detail was very much appreciated."

## ALCOLOCK™ V3 Alcohol Interlock
